

Creating Community for Kids since 1981!

About the Organization

Provides a nurturing, Christ-centered environment that meaningfully impacts children's intellectual, emotional, social, and spiritual growth. The Center serves children from 6-weeks through 12 years, many from low income families or other cultures.

At every age your child is guided toward learning new skills, shown how to grow expressively, and lovingly supported as they attain age-appropriate maturity. The programs offered at New Holland Early Learning Center are focused on your child's emotional and social well-being - as well as their achievement.

Core to your child's development is a commitment to Community for Kids, where each child is taught healthy respect, how to rely on one other, and how to take ownership of their own behavior.

Programs include

- Full and part time daycare programs
- Early education: pre-school and kindergarten programs
- Before and after school programs for school-age children
- Discovery Club summer program

Internship Details

Teach or assist in a classroom. Work with children who are English language learners or who have varying needs.

More details can be provided if you're interested.
